***** Scott, This account does a lot of this style of Medication. Several Pain Clinics in the area. They did start buying from Miami Luken for a few months because we kept holding orders. They again started buying everything from us because the volume was going down and it was affecting their cost of goods. They always have done a lot with Oxy and Methadone and most likely always will. Thanks, Michael G. Perry mperry-ky@amerisourcebergen.com 1-800-759-8810 ext 6486
